

## A STATEMENT FROM HEALTH VISITING SOUTH WARWICKSHIRE

We are currently experiencing significant staffing shortages and capacity pressures due to the on-going challenges of COVID-19.

As a result of this we are unable to fulfil all of our universal contacts for antenatal and the 6-8 week postnatal period. We would like to sincerely apologise about this temporary issue and assure families we are doing our utmost to offer alternative support.

If you do not get a routine appointment, but you would like to talk to the Health Visiting team to discuss any concerns, or need any support or advice please do not hesitate to call your local Health Visiting Team.
